

### WHAT'S HAPPENING THIS WEEK:

#### Trip Consent Slips

We are missing consent slips for Cricket and Dartmoor (Sept 19). Please return ASAP.

#### NEXT WEEK

Next week is half term and Monday 3<sup>rd</sup> June is an inset day.

#### Letters coming home:

- Yr 6: Cricket (Launceston)
- Hockey Comp (Marjons)
- Bikeability groups

#### Monday 20<sup>th</sup>

- Yr 6: Recycling
- JTT Team: Using a Trangia

#### Tuesday 21<sup>st</sup>

- Yr 5: Cricket

#### Wednesday 22<sup>nd</sup>

- Sports Day
- Bowls Competition

#### Thursday 23<sup>rd</sup>

- Maths Masterclass
- Swimming Gala

#### Friday 24<sup>th</sup>

- 'Emmazdad' road safety show

### Farm Rota for Half-Term

The rota for the feeding of the animals on the farm is up in the office for you to write names on. The animals love to have visitors, so if you'd like to come and help out over half-term and inset day please do.

We have instructions that we can send home if you're new to it but there are also instructions down at the farm.

### London Residential

Consent and medical details forms coming home tomorrow – please complete and return by Friday 24<sup>th</sup> May.

### Year 6

We are really pleased to say that KS2 SATS have been completed and all papers collected. We were really proud of the way they took it in their stride and tackled some challenging questions.

**Year 2** have also completed papers that support the teacher judgements and now have to be conducted in a similar way to KS2 assessments. Again they took them in their stride.

In the next few weeks other classes will have assessments that help us review progress and plan future activities. This will ensure that we can target the areas for development and plan challenging activities in areas where children are already exceeding.

### Sports Day

On Wednesday 22 May we hope the sun will shine and we can hold our annual sports day. If a decision is made to postpone due to the weather, we will put this information on the website and send out a text.

In the morning we will have our mixed age sporting circuit of activities so they will work in their mixed age house groups where the oldest children look after the younger children. It is great to see them taking responsibility and encouraging them to enjoy the learning experiences.

The traditional sports will start at 1.15pm - all are welcome to watch and the playground will be open at 12.50pm for parking.

We do ask you to remember that the children need to stay with their house teams and that younger children who are not in school are carefully supervised and do not wander onto the track. We expect good sportsmanship and hope all children will be supported and encouraged during the afternoon events.

### Speech Day Trophies

If you have a speech day trophy at home from last year, please could you bring it into the office so we have the full set to give out this year.

### Health Safety and Fitness Week

During this week the sex and relationships education programme that we deliver will take place. There are three lessons each year that are age appropriate and recommended by Cornwall Healthy Schools. We have been using the Christopher Winter scheme for many years now. There are also three sessions related to age appropriate drug education that are delivered during this week.

On Tuesday in KS2 and Thursday in KS1 children will be working in mixed age groups on a carousel of health and safety activities.

Wednesday is sports day when the children work in their family house groups in the morning and Year 6 organise the programme.

Children will be having a Road Safety interactive session on Friday morning.

### Attendance – Educational Welfare Officer

We have the EWO visiting to look at our data, and all children whose attendance is under 95% will be discussed as it is now considered to be unsatisfactory. Looking at our current figures every child can be over 90% by July and the majority, if they remain fit and healthy, will be able to be over 95%.

95% is one session a fortnight being missed and 90% one session a week.

The positive is that we have most children over 95% already which is really positive.

We regularly send you information so you are informed of the data held during the year.

We will be sending an update for those under 95% so you are aware of the current figure.

We know that the majority of the absences are unavoidable, because and there will be operations, stomach bugs and flu bugs etc. The EWO is more concerned about patterns and incidental days etc.

### Reports

Do let the office know if your circumstances have changed this year and you now need two copies of the reports. The reports will be compiled in the next few weeks. If you already receive two then this will happen as usual, unless you inform us otherwise.

### Congratulations

Congratulations to Mrs Hawkings and her husband on the birth of Daisy. Daisy was born on Sunday 12 May and is an adorable little girl.

### In Cornwall any support can be accessed through The Early Hub

I have copied the page so you can see what you can access. All children will probably need support at some point so do discuss any concerns with us but also it is good to be able to ask for guidance from other professionals.

<https://www.cornwall.gov.uk/earlyhelphub>

### Early Help Hub

We are open:

Monday – Thursday 8:45am – 5:15pm

Friday 8:45am – 4:45pm

Closed on Bank Holidays

01872 322277

[Email earlyhelphub@cornwall.gov.uk](mailto:earlyhelphub@cornwall.gov.uk)

### A Step By Step Guide

1. Decide which Early Help service you need and complete the general [Request for Help form](#) for the following services, or if you are unsure which service you need:

- Early Years Inclusion Service
- Family Support
- Health Visiting (over 2 years)
- Parenting Support
- School Nursing
- Targeted Youth Support
- Video Interaction Guidance

If you are making a **Child and Adolescent Mental Health Service** referral it needs to be made on the [CAMHS referral form](#).

If you are making a **Speech and Language (SALT)** referral it should be made on the [SALT referral form](#).

If you are still unsure, or for a description of each service please see [Early Help Services](#).

Please note that the following services **can only** be requested via a professional:

- Autistic Spectrum Disorder (ASD)
- Community Children's Nursing Team and Diana Nursing Team
- Diana Team Psychologist
- Paediatric Epilepsy
- Portage

For more information about the Early Help Hub please see the [Early Help hub page](#).

## AWARDS

Be the best you can	Seb Y
Demonstrating Values	Gracie F
Eco	Felix C
Effort	Tilly G
English	Sienna B
	Lottie K

Wed 17 Jul	Yr 6: Home Learning Exhibition
Wed 24 Jul	1.15pm Leavers Assembly Last day of school
Thu 25 Jul	Inset Day
Fri 26 Jul	Summer Holidays

A brief description of the day:

### Junior Ten Tors

On Saturday 18th May our JTT Team this year, a group of eight Year 6 children completed a day walk on Dartmoor. Throughout the day the children needed to practise their compass skills in order to reach different destinations around Dartmoor. The children all took it in turns to lead the group and they did exceptionally well. By the end of the day the children managed to walk 11.6 miles. It will put them in good stead for the main event on the 7th and 8th June.

### 2019-20

Wed 4 Sep	Inset day
Thu 5 Sep	Back to school
21-25 Oct	Half Term
Mon 28 Oct	Inset Day
Fri 20 Dec	Last day of School
23Dec – 3Jan	Christmas Holidays
Mon 6 Jan	Inset Day
Tue 7 Jan	Back to school
17-21 Feb	Half Term
30Mar – 13Apr	Easter Holidays
Mon 4 May	Bank Holiday
25-29 May	Half Term
Mon 1 Jun	Inset Day
Wed 22 Jul	Last day of school
Thu 23 Jul	Inset Day
Fri 24 Jul	Summer Holidays

### LOST PROPERTY

Hoody – named Ava J – if found please return to the office or year 2.

### Cardiac Risk in the Young

There is a sponsored cycle ride from Bristol to Land's End on 28<sup>th</sup> - 30<sup>th</sup> June, in memory of Tom Demaine, who attended SRG. Tom died suddenly at the age of 22 of an undiagnosed cardiac problem. It has since been named Sudden Adult Death Syndrome (SADS). A simple ECG screening would have picked up his problem and he could have been offered some preventative treatment, which might have saved his life.

We now know that screening prevents 89% of deaths from SADS.

We cannot bring Tom back, but we can help to prevent other young people from dying and their families from lifelong heartache.

The #CRY4TOM campaign aims both to raise awareness of hidden problems and to raise funds for local heart screening for 14-35 year olds.

If you're able, please give generously to CYCLE4TOM:
